## NON-GYNECOLOGIC CYTOPATHOLOGY

### Inspector Instructions:

	<ul style="list-style-type: none"> <li>• Sampling of non-gynecologic cytopathology policies and procedures</li> <li>• Sampling of patient reports for pathologist review and signature</li> <li>• Statistical reporting policy</li> <li>• Statistical records and annual summary</li> </ul>
	<ul style="list-style-type: none"> <li>• What procedures are in place to prevent cross-contamination during staining?</li> <li>• What is your process for correlating non-gynecologic cytopathology findings with histological and clinical information?</li> </ul>

**CYP.07666 Unsatisfactory Specimens - Non-gynecologic Cytopathology****Phase II**

**The laboratory follows defined criteria for identification and reporting of unsatisfactory non-gynecologic specimens, as applicable.**

*NOTE: The cytopathology report must state the reason for an unsatisfactory specimen.*
